About Must! Charities

Must! Charities is a nonprofit organization dedicated to changing the model of philanthropy. We unite donors, pool resources, and invest strategically in our region while empowering nonprofits and educating our community. At Must! Charities, 100% of community donations go directly into projects, thanks to our Executive Board and a few private donors covering all our operating costs.

About The Pitch

The Pitch is an exciting initiative designed to help local nonprofits refine their message, amplify their impact, and connect with key supporters. This three-month coaching experience provides nonprofit leaders with expert coaching, strategic insight, and a dynamic platform to elevate their mission. Cohort participants receive professional coaching to develop a clear organizational pitch, gain increased visibility and connections, and build the capacity needed to sustain long-term growth.

The program culminates in a high-energy pitch event in November. Finalists deliver a powerful 3-minute presentation in front of a live audience and a panel of judges. Judges evaluate each pitch using a standardized rubric, and monetary awards are presented to 1st, 2nd, and 3rd place winners with the remaining finalists receiving \$5,000 each..

The Pitch is exclusively for 501(c)3 non-profit organizations.

How It Works

- The Application: Non-profit organizations serving needs in San Luis Obispo County are invited to apply.
- The Cohort: From the applicant pool, 10 nonprofit organizations will be selected to participate.
- Finalists: Of the cohort, 6 organizations will be chosen as finalists and will present at The Pitch event. Organizations that are not selected as finalists will still be represented at the event and included in event collateral.
- Coaches: Each participating nonprofit organization will be paired with 2 coaches.
- Training Sessions: From August through November, participating nonprofits will attend group training sessions.
- The Event: The Pitch is the culmination of months of preparation where finalists present a refined 3-minute pitch. Audience members have the opportunity to donate directly to participating nonprofit organizations, and judges award 1st, 2nd and 3rd place awards.
- Must! Charities' Winner Awards: Must! Charities provides monetary awards to the top three finalists, as determined by scores from an independent panel of judges. Judges are not affiliated with Must! Charities as staff, board, or committee members.
 - 1st Place: \$20,000
 - 2nd Place: \$15,000
 - 3rd Place: \$10,000
- Must! Charities' Finalist Awards: Must! Charities provides \$5,000 to each of the finalists that do not receive 1st, 2nd or 3rd place awards.
- Payment of Awards and Audience Donations: By the end of December, Must! Charities will distribute monetary awards and audience donations to participating organizations.

Coaches will provide verbal feedback and written scores. It is recommended that coaches and nonprofit organizations meet immediately following the session to review strengths and identify areas for improvement.

Homework completed by Session 5: Show ready – polished, final music selection and timing cue chosen, and your pitch is no more than three minutes. Practice. Practice. Practice more. Be ready.

About Pitch Presentations Sessions 4 and 5

- **Presentation Quality:** At Session 4, participants may use notes, and the pitch is not expected to be fully polished. This session is about practice, not perfection. At Session 5, participants should treat their pitch as if it were the final event. Pitches should be memorized, polished, and incorporate intentional body movement and facial expressions.
- **Timer:** Both Sessions 4 and 5 will include a visible timer during each pitch. At Session 4, there is no penalty for exceeding the time limit. At Session 5, point penalties will be applied to pitches that exceed three minutes, as follows:
 - 10 seconds: grace
 - 11-15 seconds: 1-point penalty
 - 16-20 seconds: 2-point penalty
 - Over 20 seconds: disqualified
- **Feedback:** Each participant delivers a three-minute pitch and receives written feedback from all coaches and verbal feedback from two coaches at Session 4. As Session 5, there will only be verbal feedback from two coaches for each pitch. Following Session 5, each participant will have access online to the panelists' feedback.
- **Order:** Participants are assigned to an order at random.
- **Video:** Team members of non-profit organizations are allowed to video the presenter.
- **Scoring:** Coaches will score each presentation using individual score sheets, which will be shared with nonprofit organizations at the end of each session.
- **Improvement:** Coaches and non-profit organizations are encouraged to meet between sessions to review scores and discuss areas of improvement.

Access to Resources

Participants and coaches have access to the Program Guide, Calendar, Timeline, Scoring Sheet and Contact Information in a Shared Google Drive that will be provided when finalists are confirmed.

- Must! Charities' Awards: Must! Charities provides monetary awards for the top three places, determined by scores from a panel of judges. These judges are members of the San Luis Obispo community and are not affiliated with Must! Charities as staff, board, or committee members.
 - 1st Place: \$20,000
 - 2nd Place: \$15,000
 - 3rd Place: \$10,000

Donations are tracked and will be periodically displayed throughout the evening. Leveraging your own community and supporters for onsite donations is suggested.
- Post Event Donations: Audience members may connect directly with nonprofit organizations following the event. In some cases, these conversations result in donations made at The Pitch or in the weeks that follow, and any subsequent donations generated through The Pitch will be paid directly to the respective nonprofit organization.

Tangible and Intangible Benefits

The Pitch offers more than an opportunity to win a monetary award. In addition, participants can expect to receive:

- Approximately \$20,000 value in direct, measurable coaching and practice/
- Potential value of \$25,000+ when factoring in media exposure, volunteer recruitment, and improved strategic messaging.
- The greatest impact often comes from increased strategic capacity and visibility, which are difficult to quantify but essential for long-term growth.

- **Primary + Secondary Presenter**
 - Primary Presenter: The primary presenter should be a nonprofit executive who regularly speaks on behalf of the organization.
 - Secondary Presenter: In addition to the primary presenter, each nonprofit is required to designate a secondary presenter who will attend all sessions. The secondary presenter's role is to actively engage in the process by studying the presentation, taking notes, and providing valuable feedback to the primary presenter.
 - Unforeseen Emergencies: If an unforeseen emergency prevents the primary presenter from attending a session, the designated secondary presenter is expected to attend in their place.
 - Nonrepresentation: Failure to have a representative at any session, without a valid emergency, may jeopardize the nonprofit's eligibility to participate in the final event.
- **Team Collaboration**
 - Team Makeup: Each team consists of 2 coaches and a primary and secondary presenter from the nonprofit.
 - Scheduling Meetings: The nonprofit is responsible for scheduling team meetings with the coach(es) between sessions to review and refine pitch content.
 - Face-to-Face Meetings: We strongly recommend face-to-face meetings to practice pitch presentations in a standing position and to choreograph body and eye movements.
- **Continuous Improvement**
 - Incorporate Feedback: The presenter from the nonprofit carries the responsibility of actively incorporating feedback received during team meetings to create a new and improved pitch.
 - Ongoing Refinement: This iterative process of development and refinement is essential to each participant's success in the program.
 - Strengths and Weaknesses: Coaching is designed to highlight the presenter's strengths and address areas for improvement, increasing the pitch's appeal to a general audience in a large public setting.
 - Be Coachable: Nonprofit presenters have been asked to be coachable. This means being open to change, growth, and improvement in order to strengthen the pitch and overall presentation.

 - Purpose of Coaching: Coaching is designed to highlight the nonprofit speaker's strengths and address areas for improvement, resulting in a more compelling pitch for a general audience in a large public setting.
 - Balancing Feedback: Speakers may receive conflicting feedback from the larger training group and their matched coaches. While it is the speaker's responsibility to decide which feedback to apply, coaches should help evaluate what is most valuable.
 - Addressing Concerns: Speakers should communicate with their coach if any feedback feels offensive, unsupportive, or misaligned with their mission and goals.
 - Being Coachable: Nonprofit speakers are expected to be open to change, growth, and improvement. While they are not required to agree with every suggestion, coaches can point out instances where speakers appear resistant to feedback. Speakers understand that they may be encouraged to step outside their comfort zone, as outlined in their memorandum of understanding.
 - Scope of Coaching: Coaching does not include rewriting the nonprofit's pitch but helping guide and redefine it.

Event Promotion and Leveraging Audience Donations

The Pitch is a unique and engaging experience that often inspires a greater desire to get involved in our local community.

We encourage coaches and non-profit organizations to actively promote The Pitch as an informative and inspiring evening in addition to a money raising opportunity. Here is how you can leverage your relationships for increased donations:

- Social Media Promotion: Share event information and the ticket link across social media platforms.
- Share with Contacts: Spread the word to friends, family, board members, and colleagues via text, email and/or good old-fashioned in-person opportunities. Having supporters in the audience creates an exciting buzz in the air at The Pitch.
- Email Marketing: The Pitch is a unique and engaging experience that often inspires a greater desire to get involved in our local community. Include The Pitch in organizational newsletters or email campaigns to encourage attendance and engagement.
- Donor Prospects: The Pitch offers a unique opportunity for you to engage donor prospects – a creative alternative to traditional “pitches.”
